

Our Product Specialists Recommend: Pendaflex® Expanding Files

ACID-FREE

The Pendaflex® line of Expanding Wallets and Pockets combines both strength and sustainability. They are made with 30% post-consumer fibre and are SFI certified. Designed with rollover reinforced fibre gussets at the top, they are perfect for storing and transporting documents of different sizes together in one easy-to-reference file. Choose the product that is right for you based on the way you like to file. They are available either with a protective flap or with an open top, in various widths and in letter or legal sizes.

FROM TO DO... TO DONE
