Azeo + Azeo GT™

Azeo provides adjustable and flexible “active” lumbar support. It can be adjusted to provide a varied intensity of lumbar support and will flex in response to the user’s body movements and requirements.

This provides exceptional long-term comfort and support, helping to alleviate back, neck, and shoulder tension. Pneumatic seat height adjustment is standard on all models.

2050-3 Azeo High Back Multi-tilter

A. Extended Backrest provides additional neck and shoulder support (available on certain models). **B.** Lumbar Support flexes with the user’s body movement, conforming to body shape. Lumbar tension is adjustable. **C.** Height Adjustable Arms: Adjust up to 4” to help alleviate arm and wrist discomfort. **D.** Molded Base provides exceptional strength and stability. Carpet casters are standard. Hard surface casters and glides are optional.

Azeo + Azeo GT™

Azeo was engineered with the expertise of designer, Zooey Chu. The Azeo GT versions feature a patented powder coating process

that is incredibly durable and offers designers the opportunity to color coordinate with other interior furniture finishes.
