

Roma™

the perfect everywhere chair

Roma™

Roma™ is one of those wonderful chairs that you can use just about anywhere you need to sit down. Six great mesh colors let you make it your own!

Simply put, Roma is a great looking chair that fits you and just about anywhere you need a place to sit down. From the office to the home to the college dorm or hotel work desk, Roma fits the bill with great support and without taking up too much space.

The breathable mesh back is available in six colors with matching or contrasting upholstery fabrics. The flexible polypropylene back chair features a built in lumbar support that moves as you move. The upholstered back chair features a removable cover.

Roma features our new Soft Descent™ pneumatic technology to gently control the seat height for an accurate and comfortable fit. The back and arms move as you move under constant tension or they can be locked in an upright position for additional support.

The entire chair frame and base is constructed of fiber reinforced nylon to withstand the most demanding environments and still look great. Not to forget creature comforts, the armcaps have been finished in a special coating that feels soft and warm to the touch.

1906 Medium Back with arms.
Mesh: Fall Burgundy (FB).

1906 Medium Back with arms.
Mesh: Autumn Orange (AO).

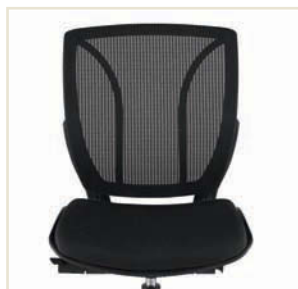

1906 Medium Back with arms.
