\* These products meet the Green Seal™ and EcoLogo™ environmental standard for institutional hand cleaners based on their reduced human and aquatic toxicity and reduced smog production potential.

\*\* This product meets the EcoLogo™ environmental standard for institutional hand cleaners based on its reduced human and aquatic toxicity and reduced smog production potential.

1. Green Seal is an independent, non-profit organization that strives to achieve a healthier and cleaner environment by identifying and promoting products and services that cause less toxic pollution and waste, conserve resources and habitats, and minimize global warming and ozone depletion. Green Seal has no financial interest in the products that it certifies or recommends nor in any manufacturer or company. Green Seal's evaluations are based on state-of-the-art science and information using internationally recognized methods and procedures. Thus, Green Seal provides credible, objective, and unbiased information whose only purpose is to direct the purchaser to environmentally responsible products and services.

2. The EcoLogo Program, North America's largest and premiere ecolabelling program, provides a market incentive to manufacturers and suppliers of environmentally preferable products and services, and thereby helps consumers identify products and services that are less harmful to the environment. Established in 1988, the ECP was the second national ecolabelling program in the world.
