

# CHICOPEE® CHIX® Multi-Day Towels

Super absorbent for efficient dirt pick up and multi-day use.

## CHIX® Foodservice Towel

Chix Standard Foodservice Towels give you the convenience of color-coded cleaning to reduce the risk of cross-contamination. Color coding allows you to designate one towel type for each area of your restaurant, which avoids the potential hazard of cleaning various surfaces (restroom vs. dining room) with the same towel.

Available with or without Microban® antimicrobial protection. Microban helps combat the growth of odor and stain causing bacteria, yeast, mold and fungi which means your towels stay cleaner, longer.

- Super absorbent for efficient dirt pick-up
- Ribtech and Fresh Guy® pattern for improved scrub ability
- Multi-Day use & machine washable

## CHIX® Microfiber Light Cloths

Chix Microfiber Light Cloths provides the same superior cleaning performance as traditional woven microfiber cloths. Designed for short term use, it removes the need to launder microfiber saving time and costs.

- Reduces risk of cross-contamination through the removal up to 99.99% of microbes\*
- Perfect for removing spots on glasses and silverware
- Low linting and streak-free performance

### Usage

- Performs best when it is first rinsed and then wrung out
- Be sure to rinse and wring the wipe often for best results
