

Electric Bill Counter with Counterfeit Detection

Counting money by hand can take a long time and mistakes can be made.

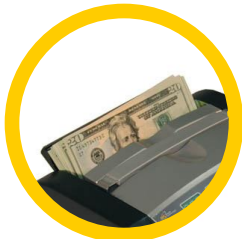

“ Save time and money by using an electric bill counter to quickly and accurately count your money ”

- **Fast Operation**
Counts bills at a fast rate of up to 1000 bills per minute, saving you time and effort
- **Large Hopper Capacity**
Large collection opening can hold up to 130 bills so you can count more bills in fewer stacks
- **Counterfeit Detection**
Detects fake bills through Ultraviolet (UV) counterfeit detection
- **Auto Start/Stop**
Automatically begins counting when bills are inserted and stops when finished for quick, convenient counting
- **Batching Option**
Can count and create batches of 1 to 999 bills for easy and accurate bill banding, transportation, or storage
