

WorkForce™ 30

Color Printer

Engineered for
small business and
home office.

Features and Benefits

- **Save time** — Draft speeds up to 38 ppm (black); laser quality black text up to 27 ppm¹
- **Get twice as much, twice as fast** — Faster text printing with dual Black ink cartridges²
- **Protect important documents** — Smudge, fade, and water resistant, highlighter friendly documents rival those from a laser printer and photos rival those from the lab
- **Share prints worry-free** — Truly touchable photos you can present to clients immediately after printing
- **Save energy** — Uses up to 3x less power than a laser printer³
- **Save paper** — Built-in double-sided printing⁴
- **Replace only the color that you need** — Easy-to-use, individual ink cartridges
- **Print more, change cartridges less often** — High-capacity Black, Cyan, Magenta and Yellow ink cartridges available
- **Get product protection you can count on** — 1-year limited warranty and quick product exchange

Printing Technology	4-color (CMYK) drop-on-demand MicroPiezo® ink jet technology	Weight and Dimensions (W x D x H)	Printing: 17.1" x 18.5" x 11.1" Storage: 17.1" x 9.4" x 6.3" Weight: 8.6 lb.
Ink Palette	Cyan, Magenta, Yellow and Black	Connectivity	Hi-Speed USB 2.0
Ink Cartridge Configuration	5 individual ink cartridges	Operating Systems	Windows Vista®, XP, XP Professional x64, 2000 Mac OS® X 10.3.9, 10.4.11 and 10.5.x
Ink Type	DURABrite® Ultra pigment ink (smudge, fade, and water resistant, highlighter friendly)	Software Included	Epson printer driver, Web to Page, and Epson Easy Photo Print
Fade Resistance / Print Longevity¹	Up to 105 years	Color Management	Auto Photo Correction, Epson Vivid Color™, Adobe RGB and ICM
Minimum Ink Droplet Size	3 droplet sizes, as small as 3 picoliters	Sound Level	39 dB
Maximum Print Resolution	5760 x 1440 optimized dpi	Temperature	Operating: 50 ° to 95 °F (10 ° to 35 °C) Storage: -4 ° to 140 °F (-20 ° to 40 °C)
Black text¹	up to 38 ppm	Relative Humidity	Operating: 20 – 80% (RH) Storage: 5 – 85% (RH) (no condensation)
Color text¹	up to 20 ppm	Safety Approvals	Safety standards UL60950, CSA C22.2 No. 60950 EMI FCC Part 15 subpart B class B, CAN/CSA-CEI/IEC CISPR 22 class B
Laser quality black text¹	up to 27 ppm	Power Requirements	Rated voltage: 120 VAC +/- 10% Rated frequency: 50 – 60 Hz Rated current: 0.6 – 1.0 Amp (max.)
Laser quality color text¹	up to 11 ppm	Power Consumption	Approx. 15 W ISO 10561 Approx. 2.0 W (Sleep Mode) ENERGY STAR® compliant
Maximum Paper Size	8.5" x 44"	Warranty	One-year limited warranty in the U.S. and Canada
Paper Sizes	3.5" x 5", 4" x 6", 5" x 7", 8" x 10", 8.5" x 11", 8.5" x 14", A4, B5, A5, A6, Half letter, Executive, User definable (3.5" – 44" in length)	What's In The Box	WorkForce 30 color printer, instructional manual, CD-ROM with drivers and bonus software, power cord, 5 DURABrite Ultra Ink cartridges (two 69 standard-capacity Black ink cartridges and three 69 standard-capacity color ink cartridges: Cyan, Magenta, Yellow)
Borderless Photo Sizes	3.5" x 5", 4" x 6", 5" x 7", 8" x 10", 8.5" x 11", A4		
Paper Types	Supports plain paper, Epson Bright White Paper, Photo Paper Glossy, Premium Photo Paper Glossy, Ultra Premium Photo Paper Glossy, Premium Photo Paper Semi-gloss, Presentation Paper Matte, Premium Presentation Paper Matte, Premium Presentation Paper Matte Double-sided, and Matte Scrapbook Photo Paper (letter)		
Envelope Types	No. 10, DL, C6; plain paper, bond paper, air mail		
Input Paper Capacity	100 sheets/10 envelopes		
Recommended Ink Cartridges¹¹	68 High-capacity Black (2 required), Cyan, Magenta and Yellow and/or 69 Black (2 required), 69 Cyan, 69 Magenta, 69 Yellow		

¹ Draft pages per minute (ppm) speeds measured after first page, based on black text patterns in Draft Mode on plain paper. Laser quality pages per minute (ppm) speeds measured after first page, based on black text patterns in default mode on plain paper. Additional print time will vary based on system configuration, software application and page complexity. See www.epson.com/printspeed for more information about print speeds.

² Two Black cartridges allow about twice as much black printing, at about twice the speed, as compared to printing with a single Black cartridge.

³ Compared to competitive monochrome laser printers priced at \$199 or less available as of March 2008. Based on Epson testing of power estimated to be used during an eight-hour day.

⁴ Some applications and/or functions, like double-sided printing, are not supported by Mac.

¹Ink fade resistance ratings are based on accelerated testing of prints on specialty media, displayed indoors, under glass. Actual print stability will vary according to media, printed image, display conditions, light intensity, humidity and atmospheric conditions. Epson does not guarantee the longevity of prints. For maximum print life, display all prints under glass or properly store them. Visit www.wilhelm-research.com for the latest information.

¹¹We recommend that you use genuine Epson ink cartridges. The use of other products may affect your print quality and could result in printer damage. Cartridge yields vary considerably based on images printed, print settings, paper type, frequency of use and temperature. For print quality, a small amount of ink remains in the cartridge after the "Replace cartridge" indicator comes on. The printer ships with full cartridges and part of the ink from the first cartridges is used for priming the printer. See www.epson.com/cartridgeinfo for more information about cartridges.
