

Professional Security System

4 Channel 720p Network Video Recorder & 4 x HD Cameras

Be protected & see every detail in HD

- Swann's latest network video recording security system with 720p high definition live viewing & playback in real-time (25/30 fps per channel)
- State-of-the-art digital imaging technology for 10x the picture sharpness of traditional security systems including analog CIF
- Includes 4 x HD 1MP cameras capable of generating crystal clear 1280 x 720 pixels (1 Megapixel) video with IR cut filters for powerful night vision to 82ft / 25m & a weather-resistant rating of IP66 for indoor & outdoor use
- Set & forget by recording continuously from 4 channels for 48 days+ onto a 1TB hard drive or even longer with motion detection
- Save time & have peace of mind by easily locating incident video, then transfer to external storage via USB or network
- Connect in minutes using SwannLink 'Peer to Peer' easy network connection software
- Security in the palm of your hand with live viewing on your Smartphone or tablet including iOS (iPhone, iPad) & Android devices using the free 'SwannView Link' app, with email notifications if there is activity
- Professional surveillance system gives you peace of mind by being able to see the detail you need from longer distances including license plates, faces, clothing colors & more, all in HD
