

Canon

It's time for *more features, more fun!*

PowerShot A800

DIGITAL CAMERA

Fun and Easy Photography! Now with Advanced Smart Auto and Blue Reduction Features.

10.0 MEGA PIXELS	Ultimate Canon Image Quality! High definition 10 MP CCD sensor for superior image quality and clarity.
3.3x ZOOM Optical	Genuine Canon Optics Enjoy crystal clear, sharp images via the 3.3X optical zoom lens (37-122mm equivalent).
2.5" LCD	Large, 2.5" Screen A large 2.5" LCD screen (115K dots) offers a clear and bright picture, making it easy to shoot, review, and show off your images under any lighting conditions!
Blur Reduction	Blur Reduction Mode Blur Reduction Mode compensates for blurriness caused by camera shake and subject movement by controlling the ISO and shutter speeds for sharp pictures.
ADVANCED Smart AUTO	Smart AUTO with Advanced Subject Detection Technology Smart AUTO intelligently selects the proper camera settings based on 19 predefined shooting situations. Now featuring Advanced Subject Detection which can distinguish OBJECTS as well as faces for the perfect shot every time!
Low Light	Amazing Low Light Shooting Great for shooting in dimly lit conditions such as indoors or at night, Low Light Mode allows for incredible, detailed photos with high ISO.
IMAGE EFFECTS	Super Vivid and Poster Effect Modes Intensify the vibrancy of your photos with Super Vivid Mode, or use Poster Effect Mode to easily add fun visual effects with the touch of a button.

Blur Reduction

Blur Reduction Mode automatically adjusts the ISO speed between 500 to 6400 to create clear, beautiful shots of moving subjects.
